VISION

Our vision is to be a leading construction company in UAE and to become a significant global player by the turn of the decade. Our aim, to be a regional player, will lead to the establishment of operations in key areas of gulf. We shall seek joint ventures with partners who are major players in their country or region., We aspire to enrich our people - our driving force, to become highly competent professionals and adopting latest technology in construction field. We shall be a vibrant company and shall not compromise on quality. We shall value and encourage creativity, innovation, teamwork, frankness, and trust. Our company will be open to suggestions and will be focused on clients' satisfaction.

By the turn of this decade, we shall be amongst most admired companies in UAE.

MISSION

We strive for a happier, healthier and innovative tomorrow. We shall provide total customer satisfaction and achieve leadership in construction field across Gulf Region. Our human resources will continue to be the most valuable asset in this pursuit of leadership and the prime driving force for our growth. We are responsible to the society. We shall be good corporate citizens and will be driven by high ethical standards in our practices.

ABOUT US

The vast portfolio of Red Point reflects our diverse capabilities and areas of expertise. We specialize in complex and challenging projects, regardless of size or amount.

We are continually expanding our in-house resources to address new challenges and opportunities of this fast pace and developing era.

Having executed large projects in short time with high quality and competitive prices; Red Point has shown tremendous growth in the last few years, which has given the company great advantage amongst competitors.

Red Point follows strict compliance with international building standards. We promote new and innovative construction technologies; this has been instrumental key reason in completing our projects on time with in promised budget to clients.

Red Point is a one stop-shop construction solution provider. The branches of construction solutions by Red Point involves all services relating to the projects under one roof. These services also include surveying, planning, constructing & handing over a functional building; and providing maintenance services thereafter.

- Housing and Administrative buildings
- Hospitals
- Infrastructures projects
- Villas
- Commercial and Residential towers
- Government Buildings
